GREASE TRAP CLEANING AND PUMPING

Busy Bee Septic Inc. has satisfactorily provided Grease Trap Cleaning for the 2010/2011 budget year. They have offered to extend the bid pricing for the same terms and conditions during the 2011/2012 budget year. Busy Bee was forced to pass Charlotte County Government's \$0.07/gallon grease waste increase to us. Otherwise, pricing has not increased for their services.

RECOMMENDATION:

The Director of Purchasing recommends extending bid number 05/06-304 (11/12R) with Busy Bee Septic Inc.

The estimated expenditure for these services will be \$37,500.00

Gregory Herlean, Director of Purchasing
