

CVIP Request for Technology

Section 1002.45(3)(f), of the Florida Statutes states, “Each virtual instruction program operated or contracted by a school district must provide, when appropriate, each household having a full-time student enrolled in the program with:

1. All equipment necessary for participants in the school district virtual program, including, but not limited to, a computer, computer monitor, and printer; and
2. Access to reimbursement for all Internet services necessary for online delivery of instruction.”

Each school district will establish criteria to define “when appropriate” when developing its virtual instruction program. Charlotte County Public Schools has determined that in order to be eligible for a computer, computer monitor, printer and/or reimbursement for Internet services, a student must be participating in the free/reduced lunch program.

Households requesting the equipment and/or Internet reimbursements must complete the information below and submit with registration materials.

Student Last Name

Student First Name

Current School of Enrollment

Is the above named student participating in the free/reduced lunch program? YES NO

On behalf of my student, I am requesting: (Check all that apply)

Computer, monitor and printer

Internet stipend

If issued equipment, it is the responsibility of the parent/guardian to return all equipment undamaged. If equipment is damaged, parents will be held financially responsible for the repair and/or replacement. By signing below, I accept responsibility for monitoring my child’s access to appropriate content on the internet and will return all issued equipment to Florida Virtual (FVSCC) undamaged when my student’s enrollment with CVIP ends. I understand that I will be financially responsible for any damage to the equipment issued to my student.

Parent/Guardian Name (Please Print)

Parent/Guardian Signature

Date

Each request will be reviewed by a district committee, in cooperation with FVSCC, LLC to determine eligibility for equipment and/or Internet services.
