Free & Reduced-Price Meal Benefits

A new family application is required each school year. Families may submit another application **at any time** during the school year when income or the number of household members changes. Turn the completed application in to your child's school office. The district has up to 10 days to process the application. **Please send money for meals in the meantime!** USDA requires that families pay for their child's meals until free or reduced-price meal benefits are approved.

To maintain privacy, all students enter their personal keypad number at the cash register. All students then state their last name to verify their personal account. Payments for meals are to be made in advance or at the time of meal service. If a customer does not have money for their meal, they should ask to see the Manager. **Courtesy meals must be paid back the very next school day.** *Create a "safety net" for your child by keeping enough money in their account so they can depend on eating a healthy meal at school every day!*

The Champ's Café budget pays for all salaries and benefits of its staff, cost of energy and utilities, equipment replacement, food and supplies from its revenues.
